

GDPR Data Retention Policy

May 2018

1. Introduction

This Policy sets out the obligations of Scottish Chambers of Commerce Ltd a company registered in Scotland under number SC313336, whose registered office is at 199 Cathedral Street, Glasgow, G4 0QU (“the Company”) regarding retention of personal data collected, held, and processed by the Company in accordance with EU Regulation 2016/679 General Data Protection Regulation (“GDPR”).

The GDPR defines “personal data” as any information relating to an identified or identifiable natural person (a “data subject”). An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier, or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural, or social identity of that natural person.

The GDPR also addresses “special category” personal data (also known as “sensitive” personal data). Such data includes, but is not necessarily limited to, data concerning the data subject’s race, ethnicity, politics, religion, trade union membership, genetics, biometrics (if used for ID purposes), health, sex life, or sexual orientation.

Under the GDPR, personal data shall be kept in a form which permits the identification of data subjects for no longer than is necessary for the purposes for which the personal data is processed. In certain cases, personal data may be stored for longer periods where that data is to be processed for archiving purposes that are in the public interest, for scientific or historical research, or for statistical purposes (subject to the implementation of the appropriate technical and organisational measures required by the GDPR to protect that data).

In addition, the GDPR includes the right to erasure or “the right to be forgotten”. Data subjects have the right to have their personal data erased (and to prevent the processing of that personal data) in the following circumstances:

- a) Where the personal data is no longer required for the purpose for which it was originally collected or processed (see above);
- b) When the data subject withdraws their consent;
- c) When the data subject objects to the processing of their personal data and the Company has no overriding legitimate interest;
- d) When the personal data is processed unlawfully (i.e. in breach of the GDPR);
- e) When the personal data has to be erased to comply with a legal obligation; or

- f) Where the personal data is processed for the provision of information society services to a child.

This Policy sets out the type(s) of personal data held by the Company, the period(s) for which that personal data is to be retained, the criteria for establishing and reviewing such period(s), and when and how it is to be deleted or otherwise disposed of.

For further information on other aspects of data protection and compliance with the GDPR, please refer to the Company's Data Protection Policy.
